

Hillcrest proposal update

The Hillcrest proposal focuses on expanding and adapting Hillcrest to be a solid-three section school, with necessary classroom, resource, and support space. The Hillcrest proposal is premised on the "belt concept" -- the concept of four elementary schools in the central belt of Lawrence: Sunset Hill, Hillcrest, Cordley and one school east of Massachusetts street as an anchor. The Hillcrest team does not take a position on the potential consolidation of New York and Kennedy at one of those sites or at a new site in-between.

Revision: With additional space, Hillcrest could take additional students from Pinckney (not Sunset Hill).

Correction (to flip chart synopsis): Hillcrest does not propose to take students from Cordley.
