The summer novice program offers students instruction and hands-on experience with **Brass (trumpet, French horn, trombone, & tuba), Woodwinds (clarinet & flute), and String (violin, viola, cello, & bass) instruments.** Students play instruments in each category and receive consultation and recommendations from our professional staff. Parent-Teacher Conferences are on **the last day, Thursday, June 13<sup>th</sup>.** There will be no class that day.

Choosing an instrument to play is an important decision for each student. Middle school students receive beginning instruction for instrumental music in band or orchestra as they enter sixth grade. Consecutive years of band and orchestra continue to build on the skillset gained in prior years, so **enrollment at the sixth grade level is very important.** The summer novice program gives students a great head start in this important choice. Students who took novice as an incoming 5th grader may repeat the session as an incoming 6th grader.
