Re: Contract for Purchase & Installation of Swing Bays & Accessories – Ryan Gray  
Playground for All Children @ Hillcrest

Date: June 9, 2016

Background:

Due to the scope of bond construction work at Hillcrest Elementary School and the relocation of the Ryan Gray playground, new swing bays will need to be purchased and installed. District staff, Hillcrest administration, and the Ryan Gray Playground for All Children committee have given input to the placement and design. The purchase and installation of new playground equipment is needed to provide a safe, sufficient, and enjoyable experience for all students and community members.

Bids and Specifications:

The scope of work includes the installation of swing bays, three stand-alone musical structures, tables for the picnic area and artificial turf surfacing. All playground pieces meet and/or exceed the American Society for Testing and Materials (ASTM) standards, which is the Standard Consumer Safety Performance Specification for Playground Equipment for public use. The equipment and accessories has been priced through a Greenbush Procurement contract as follows:

| <b>Company Name</b> | <b>Contract Amount</b> |
|---------------------|------------------------|
| ABCreative          | \$76,543.80            |

Recommendation:

Administration recommends board approval of a contract with ABCreative in the amount of \$76,543.80 for the purchase and installation of swing bays and accessories for the Ryan Gray Playground for All Children.

Motion:

"I move the Board of Education approve a contract with ABCreative in the amount of \$76,543.80 for the purchase and installation of swing bays and accessories for the Ryan Gray Playground for All Children."
