Re: Disposal of Obsolete Girls' Volleyball Uniforms – Free State

Date: October 20, 2016

Background:

Over the years, Lawrence Free State High School has accumulated various girls' volleyball uniforms that students no longer use. Free State staff would like to sell them prior to and during the season as a way to raise money for its girls' volleyball program.

Rationale:

Kansas Statute and Board Policy DFM requires that excess equipment and materials purchased by the district or its schools must be disposed of at the discretion of the Board of Education.

Recommendation:

Administration recommends allowing the disposal of obsolete Free State girls' volleyball uniforms as a fundraiser for its volleyball program. An inventory of items to be sold and estimated pricing are as follow:

Approx. Sale Price	Brand (if known)	Description & Quantity
\$5	Adidas/Russell	Jerseys - Quantity: 13
\$10	Russell/Adidas	Windbreaker Tops - Quantity: 36
\$10	Adidas	Windbreaker Bottoms - Quantity: 16
\$20	Rennoc/GMSportswear	Sweatsuit Sets - Quantity: 4
\$5	Russell	Shorts - Quantity: 6

Motion:

"I move the Board of Education authorize disposal of obsolete Lawrence Free State High School girls' volleyball uniforms as a fundraiser with revenue from the sales going back to its girls' volleyball program."
