Re: Annual Renewal of Microsoft Licenses

Date: May 19, 2016

Background:

USD 497 has renewed the Microsoft license and support package for the last several years. The software and support package includes SharePoint, Exchange (Outlook), Lync, Forefront and all future updates. Renewal of the annual contract is due by June 30, 2016.

Rationale:

The renewal of district-utilized Microsoft licenses allows us to stay updated and current on all Microsoft software. The licenses support all students and staff, including the virtual school. The annual Microsoft renewal quote has been received from CDW-G in the amount of \$106,061.39.

Recommendation:

Administration recommends board approval for the renewal of the Microsoft licenses in the amount of \$106,061.39 through CDW Government (CDW-G) under the Southeast Kansas ESC Purchasing Contract (014-E) to be paid from the Technology General Fund – Administrative Technology budget.

Motion:

"I move the Board of Education approve the renewal of the Microsoft licenses through CDW-G under the Southeast Kansas ESC Consortium Purchasing Contract (014-E) at a total cost not to exceed \$106,061.39."
