Re: Renewal of BusinessPlus Maintenance Services

Date: January 18, 2018

Background:

BusinessPlus is the district's administrative software solution for all financial and human resources operating processes.

Rationale:

As with all large software packages, it is necessary to pay an annual maintenance fee in order to continue to receive product support and updates.

Recommendation:

Administration recommends board approval for renewal of the BusinessPlus maintenance services with PowerSchool (formerly SunGard K-12 Education) for the administrative modules used by the school district in the amount of \$51,246.20. Payment will be made from the district's general fund administrative technology budget.

Motion:

"I move the Board of Education approve payment of the 2017 annual BusinessPlus software maintenance fee in the amount of \$51,246.20 to PowerSchool."
