Re: Water Service Installation – City of Lawrence – 711 E 23rd St.

Date: November 22, 2017

Background:

At its May 8, 2017 meeting, the Board of Education approved the acquisition, construction of a warehouse and facilities and operations office, remodeling/improvements and equipping of new and existing facilities located at 711 E. 23rd Street. The current water lines on the property are not able to accommodate the fire suppressant system required for the warehouse. In order to upgrade the existing water lines, a water main extension is needed from the City of Lawrence KS Utilities Department for a cost of \$40,419.08.

Recommendation:

Administration recommends board approval of the water main extension at the 711 E. 23rd Street location by the City of Lawrence KS Utilities Department in the amount of \$40,419.08 to be paid from Capital Outlay Fund.

Motion:

“I move the Board of Education approve of the water main extension at the 711 E. 23rd Street location by the City of Lawrence KS Utilities Department in the amount of \$40,419.08 to be paid from Capital Outlay Fund.”
