Re: Board Policy Committee Recommendation

Date: May 10, 2018

Background:

The board's policy committee has continued to meet and discuss a new policy regarding fundraising. The committee has received numerous comments regarding the proposed policy and has made revisions. The revised draft was sent to buildings for additional review and no new challenges were brought forward. The committee is recommending that the board discuss and review the revised version of the fundraising policy.

New Policy Recommended for Adoption-

DFAB Fundraising

The committee is proposing the adoption of a new policy pertaining to fundraising. Fundraising has been done in the district for many years; however, there have never been specific policies governing the scope of these activities. The new policy will address fundraising by both internal and external groups and set forth criteria administrators may use to evaluate ongoing requests for approval and the standards that must be met by the organization doing the fundraising.

Recommendation:

The Board Policy Committee recommends the review of the revised policy. Once the review is complete and any suggested changes are considered, the committee will submit the final recommendation for adoption at the May 29, 2018 board meeting.

Motion:

"I move that the Board of Education approve the review of the revised fundraising policy for adoption at the May 29, 2018 board meeting."
