Re: Media Center Furniture – 2013 Bond Projects – Elementary Schools

Date: April 5, 2018

Background:

In April, 2013 voters approved \$92.5 million school bond issue to improve facilities, enhance technology and expand career and technical educational opportunities. The focus of this bond plan was equipping our teachers and students with tools for the 21st century teaching and learning.

A significant piece of successfully completing the district's bond projects involves furnishing and equipping the educational spaces, furniture for the media centers in the elementary schools. As part of the design process, the Gould Evans interior design team has worked with administrative staff to establish media center furniture options for the elementary schools. Gould Evans received, tabulated and reviewed the bids with administration and recommends the contract be awarded to Scott Rice Office Works in the amount of \$149,277.

Recommendation:

The Facility Planning Committee recommends board approval to purchase furniture for the elementary media centers from Scott Rice Office Works in the amount of \$149,277 to be paid from the Capital Outlay Fund.

Motion:

"I move the Board of Education approve the furniture purchase for the elementary media centers from Scott Rice Office Works in the amount of \$149,277 to be paid from the Capital Outlay Fund."
