Re: Superintendent Search Requests for Proposals

Date: August 10, 2017

Background:

The board determined on July 24, 2017 that requests for proposals should be sent to four firms. Those firms have responded and the board will review and select the specific firms to make presentations at the special meeting to be held August 22, 2017. The board will then select a firm to commence the search to fill the superintendent's position effective July 1, 2017.

Recommendation

None.

Motion:

"I move that the Board of Education invite the following firms (list names of firms) to make presentations regarding their proposal to provide superintendent search services."
