Re: School Improvement Services Support Plan FY 2017-2018 (Greenbush)

Date: August 10, 2017

Background:

Lawrence Public Schools have been accessing professional learning opportunities offered by Southeast Kansas Education Service (also known as Greenbush) for several years. In order to attend these professional development days, the District paid an increased price because we were non-members. A proposal was made to the District for an annual price of \$25,500.00 that would provide their standard services package of professional development sessions offered by Greenbush, with the full ability to customize the professional learning plan at any time to accommodate the needs of our district.

Total Cost:

Total \$25,500.00

Recommendation:

The administration recommends that the Board of Education approve the fiscal year fee for the school improvement services support plan (professional learning) proposed by Southeast Kansas Education Service Center (Greenbush). This purchase will be paid from Teaching & Learning Professional Development funds (2022130000).

Motion:

"I move the Board of Education approve the agreement with Greenbush for the 2017-2018 school year at a cost not to exceed \$25,500.00".
