From: Shannon Kimball, board president  
David Cunningham, executive director, human resources/chief legal counsel, ext. 4976

Re: Selection of Superintendent Evaluation Tool

Date: September 21, 2017

Background:

President Kimball attended the KASB Superintendent Evaluation Training on August 22, 2017. KASB provided various evaluation tools boards can effectively use to provide the superintendent feedback and direction. The district currently uses the Kansas Educator Evaluation Protocol. President Kimball provided three other tools for consideration; Administrative Evaluation, Performance-Based Superintendent Evaluation, and McRel Superintendent Evaluation System.

After taking time to review and consider each evaluation system, including the current method, the board will discuss and determine which system should be adopted.

Recommendation:

None

Motion:

"I move the Board of Education utilize the \_\_\_\_\_  
Superintendent Evaluation Tool beginning with the 2017-18 school year.
