

View Your Student's Records Online!

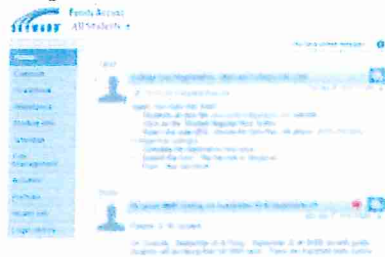

Access your student's grades, attendance, and vaccination records online with **Skyward Family Access**. Contact your child's school office for a login and password.

To login, go to: <http://www.usd497.org>. On the list of links mid-page click on the A+ (Skyward). Login to Skyward with the username and password provided by your student's school office personnel.

Messages

The Home page is the first page displayed in Skyward Family Access. It contains school confirmations of any online changes you have requested on the Student Information screen. Additionally, it will contain school messages or messages that teachers post for a particular class or for specific students within a class.

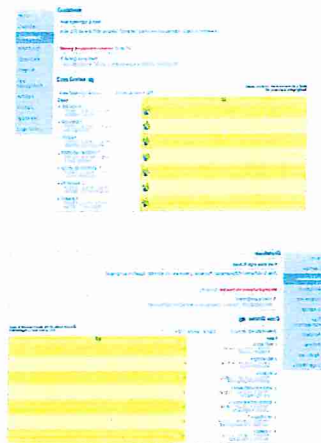

Calendar

The Calendar displayed in Skyward Family Access gives an overview of attendance. For Middle School & Senior High students, it also displays assignments and grades.

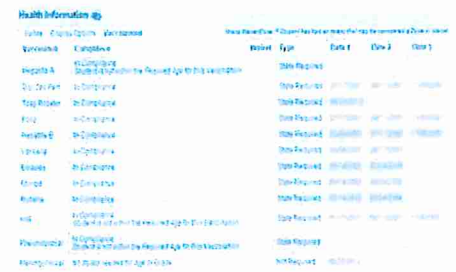

Gradebook

(for MS & HS only)
While the Calendar shows grade information on individual assignments, the Gradebook provides information on the student's overall progress in each class. The "Display Options" setting allows you to see calculated grades by default.

Health Information

Health Information displays physicals, tests or vaccination records for your student.

Student Information

The Student Information page displays demographic and contact information for your student. If you are listed in Skyward Family Access as the student's "primary" guardian, you may click the "Request Change(s) to my Child's Information" button in the upper-right corner. This will bring you to a page where you may request changes which will be reviewed and processed by your student's school. Status notifications regarding your requested changes will be posted in the Message Center.
