

Hi!
I'm Ms. Snyder

I'm so happy to be teaching at Sunset Hill. I've been teaching for over 20 years. I started as a first-grade teacher, then moved to second, then third, then fifth grade. Last year I taught a four/five combo! I love teaching and working with the students and families here at Sunset Hill.

Along with teaching, I also love nature, painting, music, movies, and animals. I have always had pets. Growing up we had dogs, cats, birds, chickens, a turtle, fish, hamsters, and bunnies. Now, I have a dog, named Bodhi, a cat named G and an aquarium of fish. G is the newest member of the family and she quickly took over the house, as cats will do.

I'm looking forward to having another fantastic year with our Sunset Hill Elementary family.
