• Blue note cards will be returned with your documents that will show what needs to be completed prior to the start of the school year
**Required Immunizations for students in K-12**

- **Diphtheria, Tetanus, Pertussis (DTaP):** Five doses required. Four doses are acceptable if dose 4 is given on or after the 4th birthday. A single dose of Tdap is required at Grades 7-12 if no previous history of Tdap vaccination regardless of interval since the last Td.

- **Poliomyelitis (IPV/OPV):** Four doses required. Three doses are acceptable. One dose required after age 4 regardless of the number of previous doses, with a 6 month minimum interval from the previous dose.

- **Measles, Mumps, Rubella:** two doses required.

- **Hepatitis B:** three doses required grades K-12.

- **Varicella (chickenpox):** two doses required for grades K-12 or history of varicella disease documented by physician.

- **USD 497 has a 30 day grace period to obtain vaccines.** A letter will be sent home to notify parents/guardians of incomplete documentation.
Required Physical Exam for Students

• The parent must submit evidence that a physical examination has been performed on any child who is less than nine years old when enrolling them for the first time in any school in the State of Kansas

• The physical must have been performed within one calendar year of the enrollment date. This year the physical exam must be performed August 19, 2014 or after.
90 day grace period is accepted. A letter will be sent home to notify families requesting physical examination documentation. Physical can be brought into school or faxed to school at 785-832-5823
Prescription and Non Prescription Medication

- **Prescription medication** is to be brought to school in a container appropriately labeled by the pharmacy, stating the name of the medication, dosage and time to be given. The pharmacy label may serve as the medical provider’s order.

- **Nonprescription medication** may be given for a specific, time-limited minor illness or for intermittent medical conditions. If the medication is needed for more than ten doses, a prescription will be required in order for the medication to continue to be given at school. The medication must be provided in its original container with a legible label, and authorized for the dosage recommended for children on the package.

- A medication permission form needs to filled out before any medication can be given.
Medication in School Setting

- Medications can be given by school personnel as long as a parent signs the proper form and brings the medication to school with a label indicating who the medication is for, the dosage, time to be given, and prescribing medical provider.
• School personnel will not give a medication at school unless the parent signs a release giving the school nurse permission to discuss medication issues with the child's health care provider.

• Parents are encouraged to give the medications at home if possible, or even medicate their child themselves at school.

• Permission forms are located in the school health office.
Boys and Girls Club

• Mr. Adam Lauridsen, site director
• Hours:
  – Before School-7:00-8:45 am
  – After School-3:45-6:00 pm
• 785-550-0138
• quailrun@bgclk.org
