Group: COVID-19 Committee

Date of Meeting: Wednesday, January 20, 2021

Time: 5:30 - 7:00pm

Location: [WebEx Meeting](#)

Norms: ([Elements of a Trustworthy Process](#))

Stay engaged

Experience discomfort

Speak your truth

Expect and accept nonclosure

- **Air Quality**
- **Mitigation Walkthrough**
- **Lawrence Public Schools' Gating Criteria**
- **COVID Vaccination Update**
- **In-person Learning**

Minutes:

- Tony discussed air quality and air validation in our older buildings. The air validation study will begin in eight schools that may need a thorough evaluation. We will test in 25% of the classrooms in those buildings. Tony discussed ionization and the Oransi air filter which includes a Merv 17 filter.
- Leah presented and shared the platform digiCoach the district uses to do COVID Safety Walkthroughs to monitor mitigation strategies we have in place.
- Dr. Lewis shared with the committee that based on the Governor's announcement and how we will begin vaccinating Douglas County residents 65 and older with the first public vaccine clinic scheduled for Jan. 29 at the Douglas County Fairgrounds. Phase 2 will start with those 65 and older, then move to other categories. K-12 staff and school board members will be included in this phase.
- Zach Conrad shared our data sources and collection within our adopted gating criteria.
- Sonja Gaumer discussed vaccination information and plans for staff to receive theirs.
- Dr. Lewis shared information about schools bringing more students in the buildings (<15) based on the needs of the students. Individual student desks are available for classrooms to utilize to seat more students. High Schools will move from an ABCD hybrid model to an A/B model in February.

Action Steps:

Next Meeting - February, 17, 2021
