June 10, 2019

Administrative Announcement

Superintendent Anthony Lewis announces the resignation of Kirsten Wondra, assistant director of learning and technology, effective June 30, 2019, and pending Lawrence Board of Education approval. Wondra has accepted an assistant principal position at Corpus Christi Catholic School in Lawrence.

“I appreciate Kirsten’s leadership and service to our schools. She has assisted us in keeping up with such innovations as the integration of instructional technology, the personalization of student learning, and job-embedded professional development for staff,” said Dr. Lewis. “My best wishes to Kirsten and her family for the future.”

Wondra joined the district in 2013 as principal of Pinckney Elementary School. She was promoted in 2015 to assistant director of curriculum, instruction, and assessment. She has served in her current role two years. Wondra’s prior experience includes a year as an educational consultant for the South Central Education Service Center and seven years teaching at the elementary level in Derby, Kan. She earned bachelor’s and master’s degrees from Wichita State University.

“I am so appreciative for the professional and personal growth I have experienced leading in Lawrence Public Schools the past six years. It has been an honor to work with such exceptional students and has been humbling to work with such passionate and dedicated educators and leaders. It is bittersweet saying goodbye,” said Wondra.

The district will immediately begin a search to fill this vacancy.
