

Douglas County Dental Clinic Friendly Smiles Program

Do your children qualify for HealthWave, Medicaid or Free/Reduced Lunch?

Now you can have their oral health screened and their basic preventive services provided at school! With a specially licensed dental hygienist we can provide screening, cleaning, sealants and personalized oral health education.

- Friendly Smiles bills directly to Medicaid/HealthWave
- If you don't qualify for Medicaid/HealthWave but DO qualify for free/reduced lunch, you can still participate at a **very** reduced cost!!
- Less class time missed! Less time off work!! You will get a report of what's found and what's recommended. We can also help you schedule appointments for any other services recommended.
- Enrollment forms will be at your school or you can get them from the clinic at the address below.

Any questions, contact Ginny Clark or Julie Branstrom at DCDC (785) 312-7770.
